right and one who knows how to cut meat. Good cattle
may be ruined for market either in slaughtering or cut-
ting on the block. Then the meat should stay in cold

STRIKE IS UNCHANGED

No More Men Induced to Desert
Mills at McKeesport.

NO NEW MILLS START

The Committee of Amalgamated Men
Sent to Pittsburg from Mil-
waukee About Finished
Their Investigation.

Pittsburg, Aug. 30.—There is but lit-
tle change in the general situation. The
mills operating in this city are running
about the same as Thursday. The strik-
ers in McKeesport are said to have
about given up the hope of inducing
the men at Duquesne and Homestead to
join them; but they will make another
effort to get the men at Duquesne out.

True bills have been found against
some Monessen strikers accused of sell-
ing liquor illegally.
Pittsburg, Aug. 30.—The most impor-
tant feature presented in the steel strike
today was the conference of the
committee of the Bayview Amalgam-
ated lodge of Milwaukee, and officials
of the association at headquarters. It
is said the Milwaukee committee was
sent here by the direction of a secret
meeting of the lodge to look into the
situation and report at a meeting to be
held upon their return. It is under-
stood since coming here that the com-
mittee has made a careful canvass of
the situation in Pittsburg which is re-
garded as the center of the strike. They
have visited various mills now in op-
eration and carefully gone over the field.
There is no certainty as to what their
report will be to their lodge, but their
mission, it was said, was to arrange, if
possible, for their co-workers to resume
work in the Bayview mills. At the
conference, it is said, the committee
critically cross examined the president
of the association on his attitude on
the wage agreement with the Federal
Steel company.

Another Victim Found.

Philadelphia, Aug. 30.—Another body
of a victim of Wednesday's steamboat
disaster was recovered from the Dela-
ware river. It is supposed to be that
of Harry Johnson, a grocer of Hulme-
ville, Pa. This makes the tenth body
recovered, of which eight have been
identified. Two bodies, those of a
woman and a small girl, are unidenti-
fied. They are so badly charred and
disfigured they probably never will be
identified positively. Nineteen are miss-
ing and it is almost certain all are dead.
Of the eight persons remaining in the
hospital two are almost certain to die.
Thus the net result of the explosion
will be in the neighborhood of 30 deaths.

Actress Gray Dead.

New York, Aug. 30.—Ada Gray, the
actress, is dead at the Home for Incur-
ables at Fordham. She had been at the
hospitals since January, a victim of lo-
comotor ataxia. Miss Gray was best
known as Lady Isabel in East Lynne.
Miss Gray, who in private life was Mrs.
Charles F. Tingay, was born in Oneon-
ta, N. Y., in 1834, and went on the
stage when 10 years old. Early in her
career she married a wealthy Albany
hotel proprietor. When he died Miss
Gray married Mr. Tingay, an English
actor.

Chase After Francis.

Kansas City, Aug. 30.—Armed men
and bloodhounds early this morning
again took up the search 40 miles south
of Kansas City, for Bossie Francis, the
murderer of Miss Mary Henderson. A
council of Francis' pursuers has al-
ready decided his punishment shall be
meted out at the stake.

Governor Dockery has offered a re-
ward of \$300 for the capture of Francis
and Johnson county officials offered a
reward of \$100 for the same purpose.

An Assault at McKinney.

Dallas, Aug. 30.—A negro entered the
house of Mrs. Shackelford at McKinney,
Tex., early Thursday night and attempt-
ed to assault her, but the woman
screamed and frightened him away. The
negro ran after the struggle. Hundreds
of men are scouring Collin, Dallas, Hunt
and Denton counties for the culprit. He
will be lynched if caught. Mrs. Shackle-
ford is prostrated. Negro-lacerated and
bruised her face, hands and arms. All
negroes have been notified to leave Mc-
Kinney.

Appeal to the President.

Oklahoma City, O. T., Aug. 30.—An
appeal to President McKinley for the
protection of negroes who are being
lynched for their crimes was formulat-
ed and endorsed by the negro territorial
Baptist Sunday school convention which
is in session in this city. The conven-
tion does not attempt to excuse their of-
fenses, but asks the president to use ex-
ecutive power in securing for them a
fair and impartial trial in the courts be-
fore punishment is meted out.

Retirement of Salisbury.

London, Aug. 30.—The Pall Mall Ga-
zette, under the heading of "Prime M-

ister Impending Resignation," fixes
Lord Salisbury's retirement as probable
after the coronation of King Edward,
though some persons place it in the au-
tumn or early winter.

Gin at Marion Burned.

Marion, Tex., Aug. 30.—Hicks, Schultz
& Co. gin at this point, together with
40,000 lbs of cotton, was destroyed by fire.
Loss, \$10,000; no insurance. It is sup-
posed to have originated by a smolder-
ing fire in a bale of cotton previously
pressed.

WILL RESIST EJECTION.

Some Ranchers in San Pedro Valley Will
Not Vacate Lands.

Tucson, A. T., Aug. 30.—Forty-three
ranchers and all residents of the town
of Fairbanks, in San Pedro Valley, have
been notified to leave their homes,
which are on the Spanish land grants.
The land recently came into possession
of a large cattle company and will be
fenced in as soon as the settlers can be
ejected. One rancher has built a fort
and proposes to stand off the company's
cowboys who will be engaged in clear-
ing the land of ranchers and their im-
provements. The grant embraces 17,350
acres.

DELIMA CASE CLOSED.

Judgment Secured Will Be Paid Out of
the Treasury.

Washington, Aug. 30.—Mr. Trace-
well, comptroller of the treasury, has
rendered a decision which disposes of
the famous De Lima case. He holds
that under the recent decision of the
United States supreme court, judgment
obtained by De Lima & Co., for \$14,-
537 from the United States on account
of duties paid by them on goods shipped
from Porto Rico to the United States
between the date of the ratification of
the treaty of the Paris agreement and
that of the approval of the Foraker act,
may be paid out of general appropria-
tion of the treasury department without
further action of congress.

Schley Not a Coward.

New York, Aug. 30.—Admiral John
C. Watson is quoted in The World as
having said in the course of a private
conversation in Washington:

"If any naval officer asserts that Ad-
miral Schley is a coward and the fact
comes to my knowledge, I will see that
the delinquent is given a chance to vin-
dicate his opinion before a courtmar-
tial. I will prefer charges against such
an offender myself."

The remarks were brought out as a
result of the retailing of some of the
charges brought against Admiral
Schley.

Howison Denies the Interview.

Washington, Aug. 30.—Acting Secre-
tary Hackett has made public the letter
received from Admiral Howison deny-
ing authenticity of the interview attrib-
uted to him in which he made a com-
ment adversely on Admiral Schley. The
acting secretary has therefore continued
Admiral Howison as a member of the
Schley court of inquiry, leaving the
court itself to determine any further
question as to his competency.

Heavy Forgeries Alleged.

Havana, Aug. 30.—A check for \$43,-
000 on the Spanish bank was paid by
that institution 26 days ago upon pre-
sentation by the Royal Bank of Canada
in behalf of a client, who has since
drawn from the latter bank \$29,000
against the amount of the check. The
supposed drawer of the check now says
it is a forgery, but the Spanish bank
says it is all right. If, however, it can
not obtain the amount from the drawer
it will make a claim against the Royal
Bank of Canada, which claims that the
law will protect it, as it apparently ex-
ercised every care in handling the check.

Forty Carloads of Potatoes.

Stockton, Cal., Aug. 30.—A special
train of 40 carloads of potatoes have left
here for the middle and southern states.
Potatoes are raised on river islands west
of this city and towed here in barges.
The demand for potatoes, onions and
cabbage throughout the middle states is
large and hundreds of carloads will be
sent from Stockton this year. Local
dealers are paying from \$1.50 to \$1.60 per
100 pounds for potatoes on the river
bank. The shipment is the largest sin-
gle consignment of potatoes ever sent
out of the state.

Valuable Roadster Killed.

New York, Aug. 30.—Vasta C., one
of the fastest of the New York speed-
way trotters, with a record of 2:09 1/4,
was killed Thursday night, as the result
of a collision with a streetcar. The
mare ran away with her owner, Dr.
David Randall, and dashed into the
rear of the car. Her neck was broken
and a policeman's revolver finished the
unfortunate animal.

Made to Relent.

Union City, Tenn., Aug. 30.—Al Orr,
of Lake county, objected to Gerge Eas-
ley, visiting his daughter. He threat-
ened the girl and started gunning for
Easley, who got the first shot, in con-
sequence of which Orr has three shots
in his right lung and a number in his
face. Easley was arrested but released
on the request of Orr, who took all the
blame on himself.

Yesterday's papers announced the death of Major G. A. Quinlan, vice-president and general manager of the Houston & Texas Central, at Houston. Major Quinlan was 63 years of age and a native of Bridgeport, Conn. His railroad career in Texas began in 1860, and he came to the Central in 1866. He was successively advanced in the service of this road until 1893, when he was elected to the high position he held at his death. Major Quinlan was one of the most prominent of the veteran railroad men of the south and a man whose life was full of good deeds and kind acts for his fellow men. The ticket window at the station here has been beautifully draped in respect to his memory, and similar tokens displayed all along the line. The deceased was a brother-in-law of Capt. J. J. TEXAS LEGISLATURE.

Second Special Session May Be a Lengthy One.

APPROPRIATION BILL

It Will Take Fifteen Days to Pass it With Hard Work—Congressional and Senatorial Redistricting Measures Yet Pending.

Austin, Aug. 30.—There will be a second session and it won't be over in a hurry; at least it is now said that it will take 15 days to pass the appropriation bill and already the governor is being asked to submit other matters. The anti-free pass, the double-header, eight hour bills and the Hogg amendments are included in other measures asked for.

The congressional redistricting matter has reached the conference stage. The senate Thursday passed the house bill with amendments making the districts the same as in the senate bill. The house refused to concur in the amendments and the senate granted request for a free conference committee.

The house passed to third reading its senatorial redistricting bill after making several amendments.

It also passed to third reading, Mr. Greer's bill giving Jefferson county a district coat of arms.

The house passed to third reading Senator Davidson's breakwater bill. The vote was 84 to 19.

Kansas City, Aug. 30.—"Bossie" Francis, the murderer of Miss Mary Henderson at Columbus, Mo., on Tuesday evening, has thus far eluded his pursuers and a large posse that has been searching for him, partially disbanded, discouraged over the failure of their efforts, after having, as they supposed, at the point of capturing the negro.

Rossau surrendered and is now in jail.

CONCLAVE OVER.

Knights Templars End Their Triennial Session at Louisville.

Louisville, Aug. 30.—The twenty-eighth triennial convocation of Knights Templars is a thing of the past and outgoing trains today were laden with the rear guard of homebound passengers. The selection of San Francisco as the next meeting place has met with general approval. For the few Knights who remained here tonight a supplementary ball was given. Many who were unable to gain admission to the grand ball Thursday night were present. It was the last incident of the convocation.

San Francisco Won.

Louisville, Aug. 30.—Interest centered Thursday in the fight for the junior grand wardenship for which there were 15 candidates. The office was much desired, as it means that eventually the holder of it will become the head of the Templars organization.

Frank Thomas of Washington was elected junior grand warden.

John A. Gerow was made grand recorder.

H. Wales Lines of Connecticut was re-elected grand treasurer, practically without opposition.

The committee on time and place of next meeting reported San Francisco was the only bidder and that city carried off the honor without a struggle. Minneapolis put in a bid for the convocation of 1907.

RICHEST OF STAKES.

Futurity Race at Sheepshead Bay Worth at Least \$40,000.

New York, Aug. 30.—America's richest horse race, the futurity, is to be run tomorrow at Sheepshead bay. It will be worth \$40,000 at least, and probably more. The value depending on the number of starters. W. C. Whitney won it last year with Ballyboe Bay and it is conceded that he has a good chance to capture it again this year. Many of the futurity candidates were sent for the final trial over the Coney Island Jockey club course Thursday and a small sized army of spectators were on hand to time them.

J. E. Madden's Fly Wheel furnished a surprise even to the best informed by running three-quarters of a mile in 1:13 3/4 and finishing strong.

Numeral, Perry Belmont's candidate, was reported to have gone the same distance in 1:13 on Wednesday.

W. C. Whitney's candidates attracted the lion's share of attention. Nasturtium was not hurried, covering the distance in 1:17 1/5. King Hanover and Goldsmith, Mr. Whitney's other entries, remained in the stable.

Yankee and Blue Girl, owned jointly by Mr. Whitney and John E. Madden, ran the three-quarters in 1:15 3/4 and 1:15 1/2 respectively.

W. O. Scully sent The Baron, John Daly's only entry, seven-eighths of a mile in 1:23.

Peter Wimmer sent J. B. Haggin's Waterpower and Remorse the regular distasteful.

TRACED TO ITALIANS.

Every Case of Malaria in Massachusetts Originates from Them.

Boston, Aug. 30.—In the annual report of the state board of health, Secretary S. W. Abbott says that during the past 10 years every case of malaria investigated in Massachusetts, has been traced to the presence in the neighborhood of Italian laborers.

Italy it is well known, is cursed by malaria, says the report. In a previous report on the sanitary condition of the Sudbury and Concord rivers, made to the general court in May, the board stated plainly that there was nothing in the condition of the meadows near those rivers to generate malaria. But within the last 11 years 191 cases have been reported in a distance of 10 miles along the river from Saxonville, in a population of about 500. Few cases, the board says, were reported below this point previous to 1895 and not many until 1898, since which time it has prevailed in Concord and Billerica.

Worcester, Mass., Aug. 30.—The close of three-quarters of a century of life finds the senior United States senator from Massachusetts, George F. Hoar, in excellent health and as active as many men 25 years his junior.

The venerable statesman Thursday celebrated his seventy-fifth birthday. He was congratulated by friends and admirers in many of the states of the union. The senator is now serving his fifth term as a member of the senate.

During the summer Mr. Hoar has devoted part of his time to pleasure and sightseeing, but his literary work has not been neglected. He has also given some of his time to Clark University and other public matters.

woman who was found dead in the
field on J. T. and G. W. Brown's

and her husband went to the field to

their dinner with them. When they
did not return at night, however, a
search was instituted, and the
woman's body was found. The hus-
band was missing and had not been
apprehended at last account.

DOES IT PAY TO BUY CHEAP?

A cheap remedy for coughs and
colds is all right, but you want
something that will relieve and cure
the more severe and dangerous re-
sults of throat and lung troubles.
What shall you do? Go to a warmer
more regular climate? Yes, if possi-
ble; if not possible for you, then in
either case take the only remedy
that has been introduced in all
civilized countries with success in
severe throat and lung troubles,
"Boschee's German Syrup." It not
only heals and stimulates the
tissues to destroy the germ disease,
but allays inflammation, causes easy
expectoration, gives a good night's
rest, and cures the patient. Try one

Baby's Coming

McDonald, Ga., July 19, 1900.
I advise every suffering woman to take Wine of Cardui. While I was going with my other children I was compelled to stay in bed for days at a time, but this time I have taken Wine of Cardui and Theodor's Black-Draught and have been able to do all my housework without any trouble. I am expecting every day to be confined. My husband thinks Wine of Cardui is the best medicine in the world. He takes a dose of Theodor's Black-Draught every night and gives some to the children. He has not lost a day from work this year. He tells his friends about your wonderful medicines and I tell my lady friends to use your Wine of Cardui.
Mrs. GEORGIA LEE.

WINE OF CARDUI

There are thousands of women who shrink in terror at the thought of the baby's coming. But childbirth is one of the workings of Nature and it was not intended to imply torture and agony to the heroic mothers of the race. The woman who suffers torture during pregnancy and at childbirth has usually, by some indiscretion, injured the organs which make her a woman. Neglect of menstrual irregularities leads to ovarian pains, falling of the womb and leucorrhoea, and the period of pregnancy is necessarily distressing under those conditions. Wine of Cardui will regulate the menstrual function perfectly and eventually make the generative organs strong and healthy. Pregnancy and childbirth have no terrors for the woman who takes this pure Wine. A strong healthy womb will bring its precious burden to maturity with little or no pain. A healthy woman need not fear childbirth. Wine of Cardui completely cures all these troubles familiarly known as "female diseases" and equips the sensitive generative organs for pregnancy and childbirth. It will save any mother much pain and suffering. All druggists sell \$1.00 bottles.

ARMENIAN OUTRAGES.

The Kurds Have Begun a Regular System of Extortion.

Durango, Col., Aug. 30.—By the turning over of a Pullman car on a Rio Grande train near Chama, N. M., Mother Baptiste of Denver, mother superior of Colorado, was killed and Sister Mary Nora and Harley McCoy, also of Denver, and Pullman Conductor Whan were injured.

Mother Baptiste was thrown across the aisle and half way through an open window, her head and shoulders being dragged between the side of the car and the ties. She was dead when found. Sister Mary Nora was seriously hurt internally.

Harley McCoy's arm slipped through the window and his hand was ground off at the wrist.

Conductor Whan's hip was crushed and he was internally injured.

COACH TURNED OVER.

Mother Superior Was Killed and Several Others Seriously Injured.

London, Aug. 30.—The Daily Mail publishes an article written by Ali Nouri Bey, former Turkish consul in Rotterdam, declaring that the massacre of Armenians by Kurds which has just recommenced is a part of a regular system of extermination. He says:

"The number of Armenians killed depends upon the outcry raised in Europe and the pressure brought to bear upon the sultan. The same horrible process will be repeated year by year until all are killed."

Glacier Unearthed.

Denver, Aug. 30.—Prof. W. T. Lee startled the academy of science here with the announcement that he had discovered the oldest sea of ice in the knowledge of man within 200 miles of Denver. The find was made in an extinct volcano which the Colorado and Southern railway had been using for a supply of ballast, taking out thousands of cars of lava for distribution along the line down through Texas. At a depth of 200 feet the men ran into a stream of water that could not be overcome without expensive pumping. The beds were abandoned. Investigating the trouble, Prof. Lee found a perfect glacier imbedded, which he says antedates anything of the kind in the world. He has applied for permission to delve through the deposit with the hope of unearthing valuable data concerning the glacial era.

Choked by Her Son.

Dublin, Ind., Aug. 30.—With the father standing by and not offering to protect his wife, Fred, the 19-year-old son of Julius Hines, a farmer living three miles southwest of Dublin, brutally assaulted his mother, aged nearly 50, while in a fit of insane anger. The son struck his mother down with a heavy blow, and while she lay prostrated upon the floor, barely conscious, he kicked and choked her almost to death. The neighbors caused the arrest of the father and son and officers from Connersville took them both in charge. The condition of the mother is most pitiful. The citizens of Bentonville, near where the family resides, are indignant and declare if the law fails to do its duty they will punish them. About a year ago Hines had his wife confined in an asylum, claiming she was insane. She was not and was soon released.

No Gambling in Indiana.

Indianapolis, Aug. 30.—The Long Beach turf exchange, opened at a little village in Lake county, has been forced to close its doors. It was the gambling resort attacked by Attorney General Taylor, who demanded that the prosecuting attorney of Lake county investigate the report that gambling was in progress there, and if found to be true, begin proceedings at once with a view to forcing the concern out of business in Indiana. With the closing of the doors of this "exchange" Attorney General Taylor declares that there is no gambling in progress in the state.

Pressmen Pulled Away.

Chicago, Aug. 30.—In the face of Judge Baker's injunction 27 pressmen who arrived at the W. H. Conkey company's printing plant at Hammond, Ind., were surrounded by strikers and persuaded not to go to work. No threats were made by the strikers, neither was any effort made by the company's officials to enforce the injunction. The girl strikers demanded that their wages be doubled before they call off their strike.

Frightful Accident.

Ducktown, Tenn., Aug. 30.—A frightful accident occurred here at the furnace plant of the Tennessee Copper company. The converter, which is used for refining copper and which contained several tons of molten copper was accidentally turned over. The molten metal fell upon Allen Richards, a workman, burning him to death. George Fortner and Sam Ray were also fatally burned and cannot recover.

North Pole Explorers.

Christiana, Norway, Aug. 29.—The steamer Frithjof has arrived at Hammerfest and reported the successful landing of the Baldwin-Ziegler Arctic expedition at Camp Zeigler, in latitude 89.24 north, longitude 55 east.

Leopold to Visit France.

Brussels, Aug. 30.—King Leopold will be present with the czar at the French naval review. King Alfonso of Spain will not be present.

NEWS IN BRIEF.

The next grand encampment of the Knights Templars will be held at San Francisco.

The consolidation of plow manufacturers is about arranged. Capital stock of the concern will be \$50,000,000.

CONDITION SERIOUS.

People Are Slowly Starving to Death in Zapata County.

San Antonio, Aug. 30.—Superintendent J. N. Galbraith of the Mexican National railroad, headquarters at Laredo, is in the city and reported that the condition of Zapata county was appalling and that unless relief reached the famine-stricken region soon the results would be as horrible as the mind could picture.

Men, hungry and tired, have reached Laredo from the little town of Zapata, driven out by the starvation and suffering. They report that the conditions cannot be described. Those who are coming out have to walk for want of horses, and it requires three days for the people in their weakened condition to make the journey.

Supplies are beginning to arrive at Laredo and will be sent by ox carts to Zapata county.

There is no more corn to be had in San Antonio, and a car load has been ordered by the relief committee from Kansas City. Railroads will transport it free.

CAPTAIN QUINLAN DEAD.

He Passes Away at Houston After Long and Serious Illness.

Houston, Aug. 30.—Captain George A. Quinlan, vice president of the Houston and Texas Central Railway company, died here last night after a long illness.

George Austin Quinlan, vice president of the Houston and Texas Central railway, was born Oct. 31, 1838, at Bridgeport, Conn. Whirled Around a Shaft.

Hillsboro, Tex., Aug. 30.—At Grove Creek, Earl Smith, aged 20, was caught by a set screw in a gin shaft and was whirled over perhaps a dozen times before his clothes tore loose and he was freed. He was terribly lacerated all over his body, but no bones broken. He had on a heavy, new jumper, but it was torn almost to shreds on him.

Three Officers Indicted.

Terrell, Tex., Aug. 30.—The grand jury of Kaufman county has found bills of indictment against Constable A. J. Parker of Elmo and Constable Edward Mathis and City Marshal J. A. Pate of Wills Point, charging them with the killing of Vernon Ellzey and Myrtis Ellzey, which occurred on the roadside five miles east of this city, on May 17 last.

Resorting to Injunctions.

Cleveland, Aug. 30.—United States Judge Wing has granted an injunction to prevent the striking men at the American Sheet Steel company's plant at Canal Dover, from interfering with the company or its employees. The petition alleges that the union men have coerced and intimidated the employees of the company.

Idlers Thrown in Jail.

Cleburne, Tex., Aug. 30.—Justice Higgins has issued an order to Constable Wylie Pollard and Deputy Sam Ramsey to see that all idle negroes in the city had work by sundown. The jail is now filled with negroes who could not explain what kind of work they were engaged in. All vagrants will be put on the county roads.

Killed Resisting Arrest.

Macon, Miss., Aug. 30.—The negro, Dick Hill, who killed Ed Barry, a white man in Philadelphia, Miss., was killed at Summerville in this county Thursday. A posse of 100 men were in pursuit of him. He resisted arrest and was killed. No further trouble is expected.

Sheriff to Blame.

Jefferson City, Mo., Aug. 30.—Adjutant General Cameron, in his report to Governor Dockery on the recent Pierce City race war, holds Sheriff Manlove of Lawrence county, responsible for the lynching of the three innocent negroes. He says the sheriff left Pierce City when he was most needed.

Prominent Lawyer Dead.

Louisville, Aug. 30.—Zack Phelps, a prominent lawyer of Louisville, died here of pneumonia, complicated with heart trouble. Mr. Phelps drew the 10-year agreement of the National Baseball league. He was very prominent as an Elk. A wife and several children survive him.

Serious Family Row.

Walshall, S. C., Aug. 30.—As a result of a family row at Cashiers, N. C., Evan Pell was killed, Javan Long fatally shot and Javan Long, Jr., and a man named Bryson were seriously shot.

Had a Leg Cut Off.

Gainesville, Tex., Aug. 30.—A man named Yates, who came to Gainesville from Ardmore, was run over by a Santa Fe engine at the gravel pit, just south of here, and his right leg cut off.

Tragedy Ended a Crap Game.

THOSE OBSERVATION SLEEPERS

run via "THE DENVER ROAD"

from Fort Worth to Colorado Springs every morning are among the handsomest equipment of the Pullman Company. The large Observation Parlor, with spacious windows and movable easy chairs, etc., affords the advantages and comforts of a private car; while the table and service in the Cafe Car in all respects equal the fare of the best hotels and restaurants at corresponding prices. Special satisfaction is expressed by the ladies in the commodious dressing rooms found in our Pullmans, and all our guests appreciate the freedom from carving, superfluous decorations and stuffy plushes, which is a distinctive and welcome feature of the most up-to-date Pullman Sleepers—the kind we have two of each day, run through without change. Our Day Coaches are also of the latest design, elegant in their dignified simplicity, with very comfortable high-back seats, the equal of any similar equipment. No other line operates Cafe Cars from Texas, and no other line runs through trains to Colorado (and our time is far and away the shortest, too); no other line has Observation Sleepers to the Northwest, no other line makes a specialty of Colorado Tourist travel. STRIKE IS UNCHANGED

No More Men Induced to Desert
Mills at McKeesport.

NO NEW MILLS START

The Committee of Amalgamated Men
Sent to Pittsburgh from Milwaukee About Finished
Their Investigation.

Pittsburg, Aug. 30.—There is but little change in the general situation. The mills operating in this city are running about the same as Thursday. The strikers in McKeesport are said to have about given up the hope of inducing the men at Duquesne and Homestead to join them; but they will make another effort to get the men at Duquesne out.

True bills have been found against some Monessen strikers accused of selling liquor illegally.
Pittsburg, Aug. 30.—The most important feature presented in the steel strike today was the conference of the committee of the Bayview Amalgamated lodge of Milwaukee, and officials of the association at headquarters. It is said the Milwaukee committee was sent here by the direction of a secret meeting of the lodge to look into the situation and report at a meeting to be held upon their return. It is understood since coming here that the committee has made a careful canvass of the situation in Pittsburg which is regarded as the center of the strike. They have visited various mills now in operation and carefully gone over the field. There is no certainty as to what their report will be to their lodge, but their mission, it was said, was to arrange, if possible, for their co-workers to resume work in the Bayview mills. At the conference, it is said, the committee critically cross examined the president of the association on his attitude on the wage agreement with the Federal Steel company.

Another Victim Found.

Philadelphia, Aug. 30.—Another body of a victim of Wednesday's steamboat disaster was recovered from the Delaware river. It is supposed to be that of Harry Johnson, a grocer of Hulmeville, Pa. This makes the tenth body recovered, of which eight have been identified. Two bodies, those of a woman and a small girl, are unidentified. They are so badly charred and disfigured they probably never will be identified positively. Nineteen are missing and it is almost certain all are dead. Of the eight persons remaining in the hospital two are almost certain to die. Thus the net result of the explosion will be in the neighborhood of 30 deaths.

Actress Gray Dead.

New York, Aug. 30.—Ada Gray, the actress, is dead at the Home for Incurables at Fordham. She had been at the hospitals since January, a victim of locomotor ataxia. Miss Gray was best known as Lady Isabel in East Lynne. Miss Gray, who in private life was Mrs. Charles F. Tingay, was born in Oneonta, N. Y., in 1834, and went on the stage when 10 years old. Early in her career she married a wealthy Albany hotel proprietor. When he died Miss Gray married Mr. Tingay, an English actor.

Chase After Francis.

Kansas City, Aug. 30.—Armed men and bloodhounds early this morning again took up the search 40 miles south of Kansas City, for Bossie Francis, the murderer of Miss Mary Henderson. A council of Francis' pursuers has already decided his punishment shall be meted out at the stake.

Governor Dockery has offered a reward of \$300 for the capture of Francis and Johnson county officials offered a reward of \$100 for the same purpose.

An Assault at McKinney.

Dallas, Aug. 30.—A negro entered the house of Mrs. Shackelford at McKinney, Tex., early Thursday night and attempted to assault her, but the woman screamed and frightened him away. The negro ran after the struggle. Hundreds of men are scouring Collin, Dallas, Hunt and Denton counties for the culprit. He will be lynched if caught. Mrs. Shackelford is prostrated. Negro-lacerated and bruised her face, hands and arms. All negroes have been notified to leave McKinney.

Appeal to the President.

Oklahoma City, O. T., Aug. 30.—An appeal to President McKinley for the protection of negroes who are being lynched for their crimes was formulated and endorsed by the negro territorial Baptist Sunday school convention which is in session in this city. The convention does not attempt to excuse their offenses, but asks the president to use executive power in securing for them a fair and impartial trial in the courts before punishment is meted out.

Retirement of Salisbury.

London, Aug. 30.—The Pall Mall Gazette, under the heading of "Prime Minister Impending Resignation," fixes Lord Salisbury's retirement as probable after the coronation of King Edward, though some persons place it in the autumn or early winter.

ster Impending Resignation," fixes Lord Salisbury's retirement as probable after the coronation of King Edward, though some persons place it in the autumn or early winter.

Gin at Marion Burned.

Marion, Tex., Aug. 30.—Hicks, Schultz & Co. gin at this point, together with 40 bales of cotton, was destroyed by fire. Loss, \$10,000; no insurance. It is supposed to have originated by a smoldering fire in a bale of cotton previously pressed.

WILL RESIST EJECTION.

Some Ranchers in San Pedro Valley Will Not Vacate Lands.

Tucson, A. T., Aug. 30.—Forty-three ranchers and all residents of the town of Fairbanks, in San Pedro Valley, have been notified to leave their homes, which are on the Spanish land grants. The land recently came into possession of a large cattle company and will be fenced in as soon as the settlers can be ejected. One rancher has built a fort and proposes to stand off the company's cowboys who will be engaged in clearing the land of ranchers and their improvements. The grant embraces 17,350 acres.

DELIMA CASE CLOSED.

Judgment Secured Will Be Paid Out of the Treasury.

Washington, Aug. 30.—Mr. Tracewell, comptroller of the treasury, has rendered a decision which disposes of the famous De Lima case. He holds that under the recent decision of the United States supreme court, judgment obtained by De Lima & Co., for \$14,537 from the United States on account of duties paid by them on goods shipped from Porto Rico to the United States between the date of the ratification of the treaty of the Paris agreement and that of the approval of the Foraker act, may be paid out of general appropriation of the treasury department without further action of congress.

Schley Not a Coward.

New York, Aug. 30.—Admiral John C. Watson is quoted in The World as having said in the course of a private conversation in Washington:

"If any naval officer asserts that Admiral Schley is a coward and the fact comes to my knowledge, I will see that the delinquent is given a chance to vindicate his opinion before a court-martial. I will prefer charges against such an offender myself."

The remarks were brought out as a result of the retailing of some of the charges brought against Admiral Schley.

Howison Denies the Interview.

Washington, Aug. 30.—Acting Secretary Hackett has made public the letter received from Admiral Howison denying authenticity of the interview attributed to him in which he made a comment adversely on Admiral Schley. The acting secretary has therefore continued Admiral Howison as a member of the Schley court of inquiry, leaving the court itself to determine any further question as to his competency.

Heavy Forgeries Alleged.

Havana, Aug. 30.—A check for \$43,000 on the Spanish bank was paid by that institution 26 days ago upon presentation by the Royal Bank of Canada in behalf of a client, who has since drawn from the latter bank \$20,000 against the amount of the check. The supposed drawer of the check now says it is a forgery, but the Spanish bank says it is all right. If, however, it can not obtain the amount from the drawer it will make a claim against the Royal Bank of Canada, which claims that the law will protect it, as it apparently exercised every care in handling the check.

Forty Carloads of Potatoes.

Stockton, Cal., Aug. 30.—A special train of 40 carloads of potatoes have left here for the middle and southern states. Potatoes are raised on river islands west of this city and towed here in barges. The demand for potatoes, onions and cabbage throughout the middle states is large and hundreds of carloads will be sent from Stockton this year. Local dealers are paying from \$1.50 to \$1.60 per 100 pounds for potatoes on the river bank. The shipment is the largest single consignment of potatoes ever sent out of the state.

Valuable Roadster Killed.

New York, Aug. 30.—Vesta C., one of the fastest of the New York speedway trotters, with a record of 2:09 1/4, was killed Thursday night, as the result of a collision with a streetcar. Easley was arrested but released on the request of Orr, who took all the blame on himself.

APPROPRIATION BILL

It Will Take Fifteen Days to Pass it With Hard Work—Congressional and Senatorial Redistricting Measures Yet Pending.

Austin, Aug. 30.—There will be a second session and it won't be over in a hurry; at least it is now said that it will take 15 days to pass the appropriation bill and already the governor is being asked to submit other matters. The anti-free pass, the double-header, eight hour bills and the Hogg amendments are included in other measures asked for.

The congressional redistricting matter has reached the conference stage. The senate Thursday passed the house bill with amendments making the districts the same as in the senate bill. The house refused to concur in the amendments and the senate granted request for a free conference committee.

The house passed to third reading its senatorial redistricting bill after making several amendments.

It also passed to third reading, Mr. Greer's bill giving Jefferson county a district court to itself.

The house passed to third reading Senator Davidson's breakwater bill. The vote was 84 to 19.

Francis Escapes.

Kansas City, Aug. 30.—"Bossie" Francis, the murderer of Miss Mary Henderson at Columbus, Mo., on Tuesday evening, has thus far eluded his pursuers and a large posse that has been searching for him, partially disbanded, discouraged over the failure of their efforts, after having, as they supposed, at the point of capturing the negro.

CONCLAVE OVER.

Knights Templars End Their Triennial Session at Louisville.

Louisville, Aug. 30.—The twenty-eighth triennial convocation of Knights Templars is a thing of the past and outgoing trains today were laden with the rear guard of homebound passengers. The selection of San Francisco as the next meeting place has met with general approval. For the few Knights who remained here tonight a supplementary ball was given. Many who were unable to gain admission to the grand ball Thursday night were present. It was the last incident of the convocation.

San Francisco Won.

Louisville, Aug. 30.—Interest centered Thursday in the fight for the junior grand wardenship for which there were 15 candidates. The office was much desired, as it means that eventually the holder of it will become the head of the Templars organization.

Frank Thomas of Washington was elected junior grand warden.

John A. Gerow was made grand recorder.

H. Wales Lines of Connecticut was re-elected grand treasurer, practically without opposition.

The committee on time and place of next meeting reported San Francisco was the only bidder and that city carried off the honor without a struggle. Minneapolis put in a bid for the convocation of 1907.

RICHEST OF STAKES.

Futurity Race at Sheepshead Bay Worth at Least \$40,000.

New York, Aug. 30.—America's richest horse race, the futurity, is to be run tomorrow at Sheepshead bay. It will be worth \$40,000 at least, and probably more. The value depending on the number of starters. W. C. Whitney won it last year with Ballyboe Bay and it is conceded that he has a good chance to capture it again this year. Many of the futurity candidates were sent for the final trial over the Coney Island Jockey club course Thursday and a small sized army of spectators were on hand to time them.

J. E. Madden's Fly Wheel furnished a surprise even to the best informed by running three-quarters of a mile in 1:13½ and finishing strong.

Numeral, Perry Belmont's candidate, was reported to have gone the same distance in 1:13 on Wednesday.

W. C. Whitney's candidates attracted the lion's share of attention. Nasturium was not hurried, covering the distance in 1:17 1-5. King Hanover and Goldsmith, Mr. Whitney's other entries, remained in the stable.

Yankee and Blue Girl, owned jointly by Mr. Whitney and John E. Madden, ran the three-quarters in 1:15¼ and 1:15½ respectively.

W. O. Scully sent The Baron, John Daly's only entry, seven-eighths of a mile in 1:23.

Peter Wimmer sent J. B. Haggin's Waterpower and Remorse the regular distance.

TRACED TO ITALIANS.

Every Case of Malaria in Massachusetts Originates from Them.

Boston, Aug. 30.—In the annual report of the state board of health, Secretary S. W. Abbott says that during the past 10 years every case of malaria investigated in Massachusetts, has been traced to the presence in the neighborhood of Italian laborers.

Italy it is well known, is cursed by malaria, says the report. In a previous report on the sanitary condition of the Sudbury and Concord rivers, made to the general court in May, the board stated plainly that there was nothing in the condition of the meadows near those rivers to generate malaria. But within the last 11 years 191 cases have been reported in a distance of 10 miles along the river from Saxonville, in a population of about 500. Few cases, the board says, were reported below this point previous to 1895 and not many until 1898, since which time it has prevailed in Concord and Billerica.

Hoar's Seventy-Fifth Birthday.

During the summer Mr. Hoar has devoted part of his time to pleasure and sightseeing, but his literary work has not been neglected. He has also given some of his time to Clark University and other public matters.

DOES IT PAY TO BUY CHEAP?

A cheap remedy for coughs and
colds is all right, but you want
something that will relieve and cure
the more severe and dangerous re-
sults of throat and lung troubles.
What shall you do? Go to a warmer
more regular climate? Yes, if possi-
ble; if not possible for you, then in
either case take the only remedy
that has been introduced in all
civilized countries with success in
severe throat and lung troubles,
"Boschee's German Syrup." It not
only heals and stimulates the
tissues to destroy the germ disease,
but allays inflammation, causes easy
expectoration, gives a good night's
rest, and cures the patient. Try one
bottle. Recommended many years
by all druggists in the world. Get

ARMENIAN OUTRAGES.

The Kurds Have Begun a Regular System of Extortion.

Durango, Col., Aug. 30.—By the turning over of a Pullman car on a Rio Grande train near Chana, N. M., Mother Baptist of Denver, mother superior of Colorado, was killed and Sister Mary Nora and Harley McCoy, also of Denver, and Pullman Conductor Whan were injured.

Mother Baptist was thrown across the aisle and half way through an open window, her head and shoulders being dragged between the side of the car and the ties. She was dead when found. Sister Mary Nora was seriously hurt internally.

Harley McCoy's arm slipped through the window and his hand was ground off at the wrist.

Conductor Whan's hip was smashed and he was internally injured.

COACH TURNED OVER.

Mother Superior Was Killed and Several Others Seriously Injured.

London, Aug. 30.—The Daily Mail publishes an article written by Ali Nouri Bey, former Turkish consul in Rotterdam, declaring that the massacre of Armenians by Kurds which has just recommenced is a part of a regular system of extermination. He says:

"The number of Armenians killed depends upon the outcry raised in Europe and the pressure brought to bear upon the sultan. The same horrible process will be repeated year by year until all are killed."

Glacier Unearthed.

Denver, Aug. 30.—Prof. W. T. Loe started the academy of science here with the announcement that he had discovered the oldest sea of ice in the knowledge of man within 200 miles of Denver. The find was made in an extinct volcano which the Colorado and Southern railway had been using for a supply of ballast, taking out thousands of cars of lava for distribution along the line down through Texas. At a depth of 200 feet the men ran into a stream of water that could not be overcome without expensive pumping. The beds were abandoned. Investigating the trouble, Prof. Loe found a perfect glacier imbedded, which he says antedates anything of the kind in the world. He has applied for permission to delve through the deposit with the hope of unearthing valuable data concerning the glacial era.

Choked by Her Son.

Dublin, Ind., Aug. 30.—With the father standing by and not offering to protect his wife, Fred, the 19-year-old son of Julius Hines, a farmer living three miles southwest of Dublin, brutally assaulted his mother, aged nearly 50, while in a fit of insane anger. The son struck his mother down with a heavy blow, and while she lay prostrate upon the floor, barely conscious, he knicked and choked her almost to death. The neighbors caused the arrest of the father and son and officers from Connersville took them both in charge. The condition of the mother is most pitiful. The citizens of Bensenville, near where the family resides, are indignant and declare if the law fails to do its duty they will punish them. About a year ago Hines had his wife confined in an asylum, claiming she was insane. She was not and was soon released.

No Gambling in Indiana.

Indianapolis, Aug. 30.—The Long Beach turf exchange, opened at a little village in Lake county, has been forced to close its doors. It was the gambling resort attacked by Attorney General Taylor, who demanded that the prosecuting attorney of Lake county investigate the report that gambling was in progress there, and if found to be true, begin proceedings at once with a view to forcing the concern out of business in Indiana. With the closing of the doors of this "exchange" Attorney General Taylor declares that there is no gambling in progress in the state.

Pressmen Pulled Away.

Chicago, Aug. 30.—In the face of Judge Baker's injunction 27 pressmen who arrived at the W. H. Conkey company's printing plant at Hammond, Ind., were surrounded by strikers and persuaded not to go to work. No threats were made by the strikers, neither was any effort made by the company's officials to enforce the injunction. The girl strikers demanded that their wages be doubled before they call off their strike.

Frightful Accident.

Ducktown, Tenn., Aug. 30.—A frightful accident occurred here at the furnace plant of the Tennessee Copper company. The converter, which is used for refining copper and which contained several tons of molten copper was accidentally turned over. The molten metal fell upon Allen Richards, a workman, burning him to death. George Fortner and Sam Ray were also fatally burned and cannot recover.

North Pole Explorers.

Christiania, Norway, Aug. 29.—The steamer Frithjof has arrived at Hammerfest and reported the successful landing of the Baldwin-Zeigler Arctic expedition at Camp Zeigler, in latitude 89.24 north, longitude 55 east.

Leopold to Visit France.

Brussels, Aug. 30.—King Leopold will be present with the czar at the French naval review. King Alfonso of Spain will not be present.

NEWS IN BRIEF.

The next grand encampment of the Knights Templars will be held at San Francisco.

The consolidation of plow manufacturers is about arranged. Capital stock of the concern will be \$50,000,000.

CONDITION SERIOUS.

People Are Slowly Starving to Death in Zapata County.

San Antonio, Aug. 30.—Superintendent J. N. Galbraith of the Mexican National railroad, headquarters at Laredo, is in the city and reported that the condition of Zapata county was appalling and that unless relief reached the famine-stricken region soon the results would be as horrible as the mind could picture.

Men, hungry and tired, have reached Laredo from the little town of Zapata, driven out by the starvation and suffering. They report that the conditions cannot be described. Those who are coming out have to walk for want of horses, and it requires three days for the people in their weakened condition to make the journey.

Supplies are beginning to arrive at Laredo and will be sent by ox carts to Zapata county.

There is no more corn to be had in San Antonio, and a car load has been ordered by the relief committee from Kansas City. Railroads will transport it free.

CAPTAIN QUINLAN DEAD.

He Passes Away at Houston After Long and Serious Illness.

Houston, Aug. 30.—Captain George A. Quinlan, vice president of the Houston and Texas Central Railway company, died here last night after a long illness.

George Austin Quinlan, vice president of the Houston and Texas Central railway, was born Oct. 31, 1838, at Bridgeport, Conn. Whirled Around a Shaft.

Hillsboro, Tex., Aug. 30.—At Grove Creek, Earl Smith, aged 20, was caught by a set screw in a gin shaft and was whirled over perhaps a dozen times before his clothes tore loose and he was freed. He was terribly lacerated all over his body, but no bones broken. He had on a heavy, new jumper, but it was torn almost to shreds on him.

Three Officers Indicted.

Terrell, Tex., Aug. 30.—The grand jury of Kaufman county has found bills of indictment against Constable A. J. Parker of Elmo and Constable Edward Mathis and City Marshal J. A. Pate of Willis Point, charging them with the killing of Vernon Ellzey and Myrtis Ellzey, which occurred on the roadside five miles east of this city, on May 17 last.

Resorting to Injunctions.

Cleveland, Aug. 30.—United States Judge Wing has granted an injunction to prevent the striking men at the American Sheet Steel company's plant at Canal Dover, from interfering with the company or its employees. The petition alleges that the union men have coerced and intimidated the employees of the company.

Idlers Thrown in Jail.

Cleburne, Tex., Aug. 30.—Justice Higgins has issued an order to Constable Wylie Pollard and Deputy Sam Ramsey to see that all idle negroes in the city had work by sundown. The jail is now filled with negroes who could not explain what kind of work they were engaged in. All vagrants will be put on the county roads.

Killed Resisting Arrest.

Macon, Miss., Aug. 30.—The negro, Dick Hill, who killed Ed Barry, a white man in Philadelphia, Miss., was killed at Summerville in this county Thursday. A posse of 100 men were in pursuit of him. He resisted arrest and was killed. No further trouble is expected.

Sheriff to Blame.

Jefferson City, Mo., Aug. 30.—Adjutant General Cameron, in his report to Governor Dockery on the recent Pierce City race war, holds Sheriff Manlove of Lawrence county, responsible for the lynching of the three innocent negroes. He says the sheriff left Pierce City when he was most needed.

Prominent Lawyer Dead.

Louisville, Aug. 30.—Zack Phelps, a prominent lawyer of Louisville, died here of pneumonia, complicated with heart trouble. Mr. Phelps drew the 10-year agreement of the National Baseball league. He was very prominent as an Elk. A wife and several children survive him.

Serious Family Row.

Walthall, S. C., Aug. 30.—As a result of a family row at Cashiers, N. C., Evan Pell was killed, Javan Long fatally shot and Javan Long, Jr., and a man named Bryson were seriously shot.

Had a Leg Cut Off.

Gainesville, Tex., Aug. 30.—A man named Yates, who came to Gainesville from Ardmore, was run over by a Santa Fe engine at the gravel pit, just south of here, and his right leg cut off.

from Fort Worth to Colorado Springs every morning are among the handsomest equipment of the Pullman Company. The large Observation Parlor, with spacious windows and movable easy chairs, etc., affords the advantages and comforts of a private car; while the table and service in the Cafe Car in all respects equal the fare of the best hotels and restaurants at corresponding prices. Special satisfaction is expressed by the ladies in the commodious dressing rooms found in our Pullmans, and all our guests appreciate the freedom from carving, superfluous decorations and stuffy plushes, which is a distinctive and welcome feature of the most up-to-date Pullman Sleepers—the kind we have two of each day, run through without change. Our Day Coaches are also of the latest design, elegant in their dignified simplicity, with very comfortable high-back seats, the equal of any similar equipment. No other line operates Cafe Cars from Texas, and no other line runs through trains to Colorado (and our time is far and away the shortest, too); no other line has Observation Sleepers to the Northwest, no other line makes a specialty of Colorado Tourist travel. Baby's Coming

McDonald, Ga., July 18, 1900.
I advise every suffering woman to take Wine of Cardui. While I was going with my other children I was compelled to stay in bed for days at a time, but this time I have taken Wine of Cardui and Theodor's Black-Draught and have been able to do all my housework without any trouble. I am expecting every day to be confined. My husband thinks Wine of Cardui is the best medicine in the world. He takes a dose of Theodor's Black-Draught every night and gives some to the children. He has not lost a day from work this year. He tells his friends about your wonderful medicines and I tell my lady friends to use your Wine of Cardui.

WINE OF CARDUI

There are thousands of women who shrink in terror at the thought of the baby's coming. But childbirth is one of the workings of Nature and it was not intended to imply torture and agony to the heroic mothers of the race. The woman who suffers torture during pregnancy and at childbirth has usually, by some indiscretion, injured the organs which make her a woman. Neglect of menstrual irregularities leads to ovarian pains, falling of the womb and leucorrhoea, and the period of pregnancy is necessarily distressing under those conditions. Wine of Cardui will regulate the menstrual function perfectly and eventually make the generative organs strong and healthy. Pregnancy and healthy womb will bring its precious burden to maturity with little or no pain. A healthy woman need not fear childbirth.
